

Executive Order 2015-4 Attachment C
Exempt (“de minimis”) Activities #1, 2, 8, 9
Habitat Evaluation

Provide completed habitat evaluation form to State permitting agency or agencies to include with permit application when any of the activities listed above (#1,2,8,9) will occur within 0.6 miles of an occupied sage-grouse lek. Contact the Wyoming Game and Fish Department for information on leks, or the State permitting agency with other questions.

1. Who conducted the habitat evaluation? (Name and qualifications/credentials)

2. How was the habitat evaluation completed?
 - In the field
 - Aerial imagery/GIS desktop analysis

3. What is the activity or infrastructure being evaluated?
 - Agricultural or residential water well
 - Stock tank
 - Water pipeline
 - Agricultural or residential electric utilities
 - Agricultural reservoir (less than 10 surface acres)
 - Aquatic habitat improvement (less than 10 wetland or water surface acres)
 - Other: _____

4. Will development of the activity or infrastructure occur on the lek?
 - Yes
 - No

5. Has the activity or infrastructure been moved from the original proposed location?
 - Yes If so, why?
 - No

6. Provide additional information explaining why the activity or infrastructure is being located at the proposed site (i.e., the site being evaluated).
